

Texas Rep. John H. Poerner

Poerner announces candidacy for U. S. Representative

Rep. John Poerner of Hondo today (Wednesday, Nov. 21) announced his intentions to run for the Congress of the United States representing the 21st Congressional District post now held by Cong. O. C. Fisher, will not seek re-election.

The Hondo legislator made the announcement at the Hondo City Hall at 8 a.m. today and then repeated the announcement in the members' lounge at the State Capitol at 11 a.m.

Poerner said: I am honored to be thought by many people throughout the 21st Congressional District of Texas as their choice to replace Congressman O. C. Fisher at the end of his term. It will be difficult for anyone to fill the shoes of this man whose thinking is so consistent with those he represents. It is an honor that my supporters place me in that category.

The problems and their solutions of today center around Federal Government. The states are limited in their ability to influence federal policy, some of which are detrimental to this District. With this in mind, I, today, announce my candidacy for the office of United

States Representative from my Home District. I look forward to the next few months of campaigning in every city and community in this vast district. My goal is to closely align myself with the opinion and concern that exists in the minds of the people who live in this section of Texas.

It is no secret that my basic strength will be from the rural section. My present Legislative District includes a portion of Bexar County and I am most cognizant of the city problems. Obviously, the next Congressman from this district must be equally concerned with rural and urban problems and, if elected, I shall follow that guide line. I must admit that I am most sympathetic to small businessmen, farmers, ranchers and citizens of our cities who want an independent voice in congress. It is my hope, as it is my only chance of being elected, that power politics has lost its place of prominence on the Texas political scene.

Today's problems are complex. People are worried and some have fear for the future. I share the concern, but I will always have faith in the ability of this nation to solve its problems. If elected, I will

be only one of many, but I'm convinced, one man can make the difference between going backward or forward. I want this country to be on a positive, progressive basis. A basis where we can all enjoy the privilege of private ownership of property and accumulate an investment in America. My congressional service will be identical with my legislative service. I would demand getting a dollar's worth for a dollar spent. My voting record in the Texas House plainly reflects this stand.

Consequently, my platform and purpose for seeking to be elected to congress is as follows:

To restore the integrity and confidence in Federal Government.

To restore Federal assistance to land owners for soil and water conservation practices.

To promote rural development and encourage business and industry in this Congressional District.

To maintain a strong military status in this country.

The energy situation is of major concern to all and must be dealt with immediately. We do not have all the answers at this time; however, we are consulting with the

oil and gas industry, the electric utilities, the petro chemical industry, municipal users, farmers and ranchers, and the financial community in an effort to gain sufficient facts to determine a constructive course of action.

My decision comes after many weeks of discussion and debate, within myself and between family and friends, to arrive at this decision. State government has been most interesting and I will be leaving it with many fond memories and a long list of acquaintances and friends that have been acquired through my service in Austin.

The main base of operation for my campaign will be in Hondo. Jo Ann and the girls have given me their support and understanding and they join me in looking forward to the campaign ahead.

My campaign manager is Albert Vance of Hondo, a Hondo lawyer who managed my first campaign to the Texas Legislature. Dr. John H. Jennings, O.D., will be my campaign treasurer; he is also of Hondo. I plan to have a campaign office or headquarters in each county of the district. All campaign contributions will be in accordance with State and Federal Laws.

Community Thanksgiving services set for tonight

The annual Community Thanksgiving service will be held this evening, (Wednesday) November 21, at 7:00 at the First Baptist Church. The Thanksgiving message will be delivered by Father George Stuebben of St. John's Catholic Church. Other ministers also participating in the service will be Rev. Homer Weimer of the First Methodist Church, Rev. August Hannemann of St. Paul Lutheran Church and Rev. August Hannemann of St. Paul Lutheran Church and Rev. William Landers of the First Baptist Church.

St. Paul Lutheran Church will have special Thanksgiving Services Thursday morning at 9:00. Rev. August Hannemann will have the sermon and invites all to come and join in thanking Almighty God for His blessings. A thought for Thanksgiving is beautifully conveyed in the words of this Pilgrim hymn: "Come, ye thankful people, come. Raise the song of harvest home; All is safely gathered in, Ere the winter storms begin, God, or Maker, doth provide That our wants are all supplied; Come to God's own temple, come; Raise the song of harvest home."

JOHN POERNER

... announced for Congress this morning [Wednesday] and I'm sure it will come as a surprise to no one when I say, "He's the man for the job."

I could easily go overboard because of my personal like and respect for John Poerner. But aside from that I firmly believe that having in Congress will not only provide this district with a fine representative, but at the same time will be feather in the cap of Medina County.

When it comes to voting time, I sincerely hope that Medina Countians will take into consideration the fact that having a home town man in Congress is quite an honor.

And you can bet your last beefsteak that when John Poerner gets up there you will have one of the hardest working, most dedicated Congressman of any area in these United States.

I say, "Thanks, John, for having the courage to take on the tremendous task of running for a high public office; we're behind you all the way."

THAT SIGN MAKES ME MAD

... one woman told me about the new sign east of town that asks the simple question: "Have you tried to buy it in Hondo?"

She heaped a few words on the merchants for not having what people want, poor service and a few discourteous sales people, and inconvenient hours of operation.

Now, this woman has made some pertinent points that all businessmen should take note on. "And," she continued, "I don't feel they have any right through the sign or Chamber to question my shopping until they make some changes of their own."

Local shopping will always be a 50-50 responsibility. Certainly, the merchants should make certain they do their utmost to get what the customer wants; to provide them with good and courteous service; and to be open when the customers need them if at all possible.

On the other hand, the customer should remember that this is the town they live in and brag about. They raise their children and school them in schools that a big chunk of business money helps pay for. The same goes for the protection by police, the protection by firemen, the paving of streets, helping with the library, keeping the city clean and pretty. All of these, and many more, are paid for through the thriving business of the town.

So, if the customer wishes for all these to continue and for their town to grow and prosper, one way to see that it will come true is to "try to buy it in Hondo" before going elsewhere.

I've ridden this horse to death—but take for instance: When any group dreams up a fund raising drive [and there are dozens every year] who is the first to be asked to contribute? The businessman. And if his contribution does not come up to expectation he is criticized.

And many of the people who will ask the businessman for a contribution, or a gift for a prize, or to buy a ticket to some event, then criticize him on whatever he gives are the same ones who keep the road hot between Hondo and San Antonio spending

Agribusiness growth in Medina County

The total agricultural industry, called agribusiness, continues to show good growth in Medina County. A review of this industry is appropriate during November, officially designated as Food and Fiber Appreciation Month in Texas, says County Extension Agent Glenn Bragg.

Lets look at some county figures. Cash receipts from agricultural products totaled \$20,230,850 in 1972 and \$32,911,300 in 1973. That's an increase of \$12,680,450 over 1972. Cash receipts from livestock and livestock products totaled \$15,984,650 in 1973 while total receipts from crops came to \$16,926,650.

Realized gross farm income was 35 percent from 1972.

Production expenses however, also mushroomed in 1973, reducing net farm income.

Grain Sorghum is the county's leading cash crop. Other major crops include Corn and Small Grains. The county is among the state's leaders in the production of Grain Sorghum.

There are a total of 1,496 farms and ranches which take in 662,787 acres of land in the county.

As you can see, the agricultural industry is indeed big business in Medina County contends Bragg. And Food and Fiber Month is a good time to reflect on this reality.

Listed below is the estimated income for commodities produced in 1973:

COMMODITY	1973
Broomcorn	63,750
Corn	4,698,000
Cotton	7,200
Eggs	614,000

Owls take on Ro-Hawks Friday

The Randolph Ro-Hawks await the Hondo Owls Friday night for their second bid for a bi-district title in two years. Last Fall, it was Devine who sealed the Ro-Hawks' doom with a first-half flurry of points that saw the Warhorses score five times in only seven plays, then hold on to win 34-0.

The Hawks have had a year to ponder that one. In that year they have improved an already fine team and finished 8-2 (identical to Hondo's record) following a 12-6 cliff-hanger over arch-rival Cole for the district crown. This year the foe is Hondo.

They will try for their revenge Friday night at 8 p.m., at the Ro-Hawk Stadium on Randolph AFB.

Randolph's team is a puzzling one. They have a stout defense, one that allowed no points to district foes until the Cole game. Yet, they are a small team ... smaller even than the Owls, and that has been a rarity this year.

The secret of the Randolph defense (and its offense, which scored 172 points in district competition) is quickness.

The outside speed of the Ro-Hawk options, sweeps, and quick-pitches is such that quarterback Joey DiQuinzio saw fit

to pass only seven times last week. Chief practitioner of the rush is Paul Gandy, a 150-pound fullback who has gained over 1,000 yards, scoring 12 touchdowns and eight PAT's.

Other running backs, besides the 160-pound DiQuinzio, include John Russ, 140, and George Ellis, 160.

Anchoring the offensive line is John Zimmerman, a 195-pound center. At guards are Jeff Johnson, 160, and David Weikel, 165. Tackles are John Miller and Phil Williams, both 165. At ends are Jim Angersinger, 175 and Mike Olzene, 160. Alternating with Russ is flanker Steve Peacock, 145.

On defense, the Ro-Hawks usually show the split-6, or Texas, defense with a few twists here and there.

At defensive guards are Tim Nelson, 170, and Phil Williams; at tackles are Mike Olzene and David Weikel. Defensive ends are John Russ and Jim Angersinger. The two Ro-Hawk linebackers are Jeff Johns and John Miller, 160.

Defensive backs are Steve Peacock and 145-pound John Cotellessee, with Joey DiQuinzio playing safety.

"It'll take a real tough effort if we're going to be able to beat

Randolph," the coaches say.

"Everybody seems to be healthy so far, and we had a good night against Dilley," reported Coach Bohls.

Tickets Still Available

Hondo ISD Superintendent Kenneth Flory reported Tuesday morning that, while all reserved tickets for the Hondo-Randolph game have been sold, some general admission tickets will still be available.

Flory noted that ticket sales will end today (Wednesday) at 3:30 p.m. Those wishing to attend the game but who are unable to get tickets here may purchase general admission tickets at the gate.

Three ways of entering Randolph Air Force Base will be available Friday evening.

The Main Gate, located at Universal City, will be open all day Friday.

Two additional gates will be opened at 6 p.m. Friday to accomodate game-goers.

One of these is located in front of Randolph High School, off FM 1604. Another gate located to the east of the Main Gate will also open at 6 p.m. A convenient way to get to the stadium, recommended by the Superintendent, is to go east on IH 10 beyond San Antonio, then turn left on Loop 1604.

Parker dam nears completion

A recent visit to Structure #11, Watershed Dam located on the Parker Creek of the Odie Gilliam Ranch showed progress is very good, and supervisors of the dam estimate the dam is approximately 70 to 75 percent complete.

The dam, totaling 49 feet of height and beautifully rip-rapped with heavy limestone rock layed on all slopes, has reached its total height for some distance of the dammed length. The emergency spillway is approximately 80 percent complete and the principal drawdown spillway of concrete is now being installed and almost complete.

A large structure, the dam, when complete, will impound over 300 surface acres of water behind the dam when water reaches the emergency spillway. The principal drawdown spillway will allow the water to empty slowly into the Parker Creek without flood damage or erosion. In seven days the second largest dam in Medina County will have safely emptied out and be ready for the next flood.

"Progress is the word for such construction," a soil conservation official said, "Such dams are found on land of those who realize the benefits, not to themselves, but

primarily for welfare of their fellowman who suffer the flood damages of the Seco and Parker Creek Watershed.

NEARING COMPLETION ... The principal drawdown spillway under construction on the Parker Creek on the Odie and Joyce Gilliam Ranch. The 42 inch, concrete pipe will allow the water to

safely empty into the Parker Creek channel with tremendous benefits to the Edwards Limestone formation. Irrigation farmers, all towns and communities will benefit from this dam.

money. I've often wondered what one of these people would do if they asked me for a donation and I told them point blank: "I don't have the money; why don't you ask one of the big stores or shopping malls in San Antonio? I'm sure they will be glad to give you a return on what you've spent there."

As I say, it's a 50-50 responsibility. I just hope the merchants and the customers could get together more. That estimated \$2 to \$3,000,000 spent annually out of town certainly could make a big difference in little old Hondo.

Chamber member drive a success

An enthusiastic group of Hondoans sacrificed a few extra winks Friday morning and attended the 7 a.m. Kickoff Breakfast for the Hondo Chamber of Commerce's annual membership drive.

The early-morning breakfast, held November 16 at the New Frontier Restaurant, was the opening activity in the annual member drive, and after they finished eating the nineteen workers fanned out over the City to solicit memberships in the Chamber.

According to Hondo Chamber of Commerce Secretary Mrs. Lillian Porter, "We have received 123 memberships with another 47 pledged. This is with several workers' lists still out. We hope to go over 225 before the year is over."

Attending the breakfast were Hondoans and Hondo area residents of varied backgrounds and occupations, but all shared the same objective: to boost Hondo by boosting its number one publicity organ, the Chamber of Commerce.

The following workers attended

the breakfast kickoff: Henry M. Finger of the Hondo National Bank; Olen Wiemers, Gulf Oil distributor; Bud Johnson of Alamo Lumber Company; Bud Woolls, Principal of Meyer Elementary School; Leroy Miller, representing Universal Rundle; Marcellus Garrison, Hondo area rancher; John McAnelly, Hondo High School agriculture teacher; Bruce Foster, Hondo area rancher and incoming Chamber President; Don Schur of Hondo Implement Company;

Henry Neitenhoefer of Sears; Allen McGuffin, Falstaff distributor; Lupe Alvarez and Richard Finger, both representing Super Sav Superette; Jim Jordan, Hondo area rancher; Gaye Bippert, Medina County Home Demonstration Agent; Albert Rowlett, Insurance salesman; Jo Tarvin, Hondo manager for Southwestern Bell; Burnis Lawrence, publisher of the Hondo Anvil Herald; Pete Pedroza, manager of Anvil Office Equipment; and Chamber Secretary, Lillian Porter.

Hilmar J. Koch named in Texas Who's Who

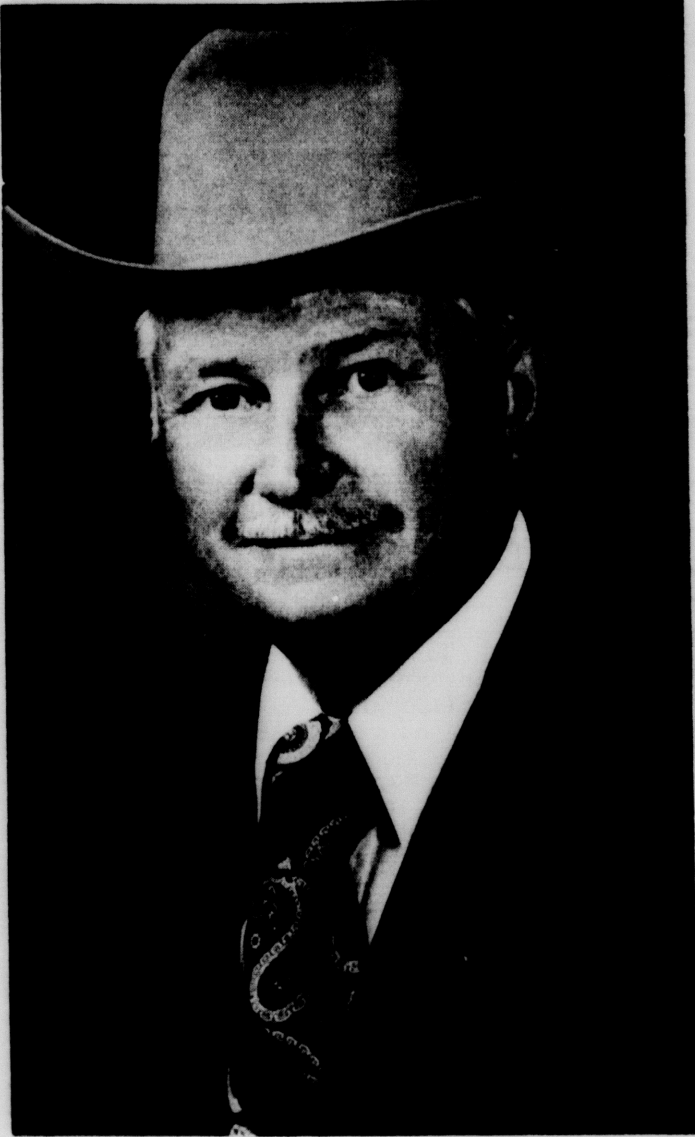

Hilmar J. Koch of D'Hanis has been honored with nomination and selection to be included in the 1973-74 edition of "Who's Who in Texas."

Koch received a letter from the United States Public Relations Service informing him of his inclusion in the compilation of biographical information on outstanding citizens of Texas.

The letter said "To be considered for listing in this important publication, one must have distinguished himself in business, government, or civic awareness within his own community, which we believe you have so distinguished yourself."

"Who's Who in Texas" has been pre-assigned a Library of Congress index number, and will be filed there. It will also be filed in the Texas archives, and libraries throughout the state, and is made available to business and governmental leaders throughout the nation."

Koch has been the County Surveyor of Medina County since 1959, and is currently President of the D'Hanis Lions Club.

Y F collect deer hides

The Hondo Young Farmers have again opened their deer hide collection project, and they will gladly accept deer hides from hunters throughout the hunting season.

"All we ask," according to Reporter Jerry Turrentine, is that the hides be salted and deposited at our collecting point on Highway 90 East, at Honig Welding Shop.

The annual deer hide drive provides revenue for the Young Farmers which is then used to fund a scholarship for a Hondo FFA member; to purchase plaques for showmanship awards at the Medina County Junior Livestock Show; to provide a phone link from the annual Stock Show to the Hondo radio station; and to co-sponsor numerous educational short courses.

Any deer hides will be appreciated by the group.

Energy shortage changes S. Texas Chamber's plans

After plugging for new industry for South Texas since 1926, the South Texas Chamber of Commerce has cancelled its industrial development program because of the fuel and energy outlook.

However, the cancellation isn't permanent and the chamber's president, John Cypher of Kingsville, says a new program that is geared to energy shortages is under study.

The chamber had just begun work on compilation of a directory of industrial parks and foundations in the region and a program of distribution of industrial site information to manufacturers in all parts of the country when the organization's executive committee ordered the program held in abeyance.

The group did not cancel the chamber's tourist promotion program and gave the green light to the publication of a new four-color brochure as part of a total tourist promotion package that will concentrate on encouraging vacations close to home.

Cypher said the new industrial program will likely be aimed at assembly-type industries with high labor usages and low fuel consumption.

The regional chamber will continue to work with local chambers of commerce on their economic development programs.

HAPPY THANKSGIVING . . . Second helpings and maybe just a pinch of soda just in case.

With Christmas just 33 days away, had you considered any of these gifts now being suggested "for the man who has everything"?

A sterling silver toothpick, initialed, \$10; available also in gold, \$20. . . A rubber check that will stretch from \$1 to \$100, giving you time to bounce out of reach before it bounces, \$3. . . Gold collar stays, 3 initials separated by tiny chip diamond periods, \$25.

The list of gifts for women is even more ridiculous but we won't go into that.

EVA [Mrs. Howard] HUESSER has made another generous contribution to Medina County: a painting of the ruins of old St. Dominic's Church, at old D'Hanis.

This time Dr. Charles Norman, who is also on the faculty at Texas School of Arts, Austin, shares the donor honors.

A recent headline read "Government mulls action to stretch Greenbacks." The story concerned the consideration reinstitution of the \$2 bill in our currency. The director of the Bureau of Engraving and Printing says that the saving to be realized by the reduction in the printing of \$1 bills is estimated at half a million dollars. A tidy sum.

Because the portrait of Alexander Hamilton appeared on the first \$2 note issued in 1862, the superstition that it was bad luck planted itself in the minds of many who thought the bills were "haunted". Hamilton's "ghost" was replaced on the next issue by the portrait of Jefferson.

The A. R. Bicentennial Commission wants the "deuce" returned to circulation in time for the country's 200th birthday.

Come now the women libbers who favor the portrait of Susan B. Anthony [U. S. suffragist -- remember her?] -- and a Republican Representative from California is supporting the idea.

A \$2 bill is a \$2 bill is a \$2 bill . . . and "feminine" new ones won't buy as much as the originals did in 1862. What does?

The PAUL REILY family did it again with the year's first contribution to the Empty Stomach Fund. This year the not-so-young-folks will have their turn at the goodies. Without even looking, I knew that MARY RUTH CAMERON would be "sort of helping along." Success is assured.

In the matter of postal matters. . . the Sunday, January 21, 1883, issue of the Corpus Christi Caller carried this page one news item:

"A bill has been introduced in Congress to reduce postage to one cent. The next move, no doubt, will be to ask the government to carry letters free." [That was almost 91 years ago.]

How about a move to get mail delivered at the old rate of speed before reorganization and steadily increased rates took over?

I tried to identify some of my young friends in the group picture of the '73-'74 Hondo Owl Band but I didn't make much headway [no pun intended].

I did recognize LINDA BENDELE, CAROL DeMONTE and TERRY NIRA, even before I saw the smaller group pictures of the Front Steppers.

The double page "spread" did credit to all involved in its production and I do hope the OWLS won their ONE rating although I shall have to wait until my 11/15 paper arrives to find out.

Add to words of consolation: "Youth is a gift of Nature. Age is a work of Art."

Now, feel any better?

Last year about this time, NANCY [Mrs. Daryll] MUENNINK was having a rough time in a local hospital. LECI, their little daughter who is now three, was staying with her Grandmother Muennink in Hondo.

It was a pleasant surprise to hear from Nancy by phone, telling me that she was now "back in circulation and going full speed ahead once again."

Nancy's mother, Mrs. Volkman, who is affectionately called "Mama Louise" is a native of British Samoa and a woman of many talents. She speaks 13 languages! One of her dedicated tasks is directing the production of the annual charity benefit show at the Naval Air Base. The current one, to be offered during the Christmas holidays, will be the fifth in the series. It will honor the Admiral in command of the Base and will be called "Filipino Festival." Proceeds will go to the Filipino Orphans Fund and to needy families.

Nancy is assisting her mother with the many dances featuring costumes of various countries. Traditionally the annual show is a "sell-out" and only 400 tickets will be available this year.

I have been invited as Daryll's "special guest". How's that for a date? Regretfully, I shall not be able to attend because of a previous engagement. We hope to be among those present at a family reunion that week.

But wasn't the "date" a gracious courtesy? At my age!

BLUE BIRDS NEWS

The President, Cheryl Baker, presided at the meeting, called roll and all were present. Stacie Van De Walle lit the candle. We sang the "Blue Bird Wish."

The Treasurer, Monica Schulte, collected the dues for the week. We selected the name "Happy Face Blue Birds" as the name for our group.

We talked about the Mother and Daughter Coffee Meeting which will be held the 15th of December. Later we went on a Penny Hike around the neighborhood. We sang along the way and we saw beautiful flowers and butterflies. When we came back we had cookies and punch served by Janet Lutz.

Thelma Villareal blew out the candle and Doria Tapia whisked away. We closed the meeting by singing the "Blue Bird Song."

-Velma Garcia, reporter

Jolly Bluebirds

The Jolly Bluebirds visited the Brown's Nursing Home on Oct. 30 in our Halloween costumes and sang for the patients.

Last week we made greeting cards for eight of the ladies whose names we had drawn at another meeting. We introduced ourselves to the lady whose name we had drawn.

We brought Halloween candy for their supper trays.

We are starting to practice Christmas Carols so that we can go caroling this Christmas.

Andy Mumme, our helper made us a big Bluebird. We are keeping our attendance record on it by putting a star on it each week we attend Bluebirds.

This week we each had a cloth to paint our very own design on, after which

we will put them all together and cover our supply box.

-Michelle Heyen, reporter

Loving Blue Birds

The Nov. 14, 1973 meeting of the Loving Blue Birds was called to order at St. Paul's Lutheran Church, by President, Lisa Schoellman. The Candle was lit and the Blue Bird wish was led by Vice President, Norma Carabajal.

We learned to make "Million-Dollar Fudge." Each of us had a job to do. While the fudge was cooling, we learned to set the table for an informal family meal.

Candy sales money was taken up and left-over candy handed out to sell. Money will be used for activities for our Blue Bird Groups. Candy will be available for those who wish to buy a box and support the Blue Birds.

Those present were: Lisa Schoellman, president; Norma Carabajal, vice president; Mary Alice Mundoza, secretary; Sherry Marty, treasurer; Gina Haass, reporter; Esther DeLeon, candlelighter; Inez Ontiveras, song leader; Dianna Lindeburg, assistant; whisk-away; Deena Schur, chaplin.

HAPPY BIRTHDAY

[Editor's Note: We have no way of keeping current on this list as far as deceased or marriages are concerned. So, at times we carry names that should have been eliminated. To keep us current we have to depend upon the families or persons concerned to bring such changes to our attention. Thank you.]

THROUGH A WOMAN'S EYES

Poets and philosophers have so often said that a woman's personality and attractiveness are brought out most by the expressiveness of her eyes. No wonder then that today in cosmetics there has been such emphasis put on eye make-up products. The art of using these products to produce a coordinated effect is not very difficult to master and the results are well worth the effort.

Your personal beauty consultant at the exclusive "Beauty Boutique" in Peden's Rexall Drug is a qualified expert in every phase of the eye make-up art. For, in addition to personally testing all new items, she has regularly attended training classes that deal specifically with the subject. Your beauty consultant will never recommend a cosmetic that does not measure up to her very strict standards.

For, at Peden's "Beauty Boutique" we cater to the beauty conscious woman who wishes to always be at her very best—using carefully chosen perfumes, make-up, treatment items and other cosmetic products.

A black and white photograph of a football game in progress. A player in a dark jersey with the number 40 is running with the ball, being tackled by a player in a light-colored jersey. Other players are visible in the background.

When you can find no more blood, go back to the last drop, or the last set of tracks ahead of it that you know was made by the deer, and resume the search on your hands and knees. Carefully examine the ground rock by rock, leaf by leaf. This will probably reveal an occasional blood drop that you missed while walking a brisk pace. **Leave a small piece of white tissue**

can sometimes smell a deer several yards away — or hear the buzzing of flies or yellow jackets near a dead deer.

FINALLY, don't give up, especially if you find some blood. If you work hard and use the tested tactics, the chances are high that you will eat venison that otherwise would have rotted and wasted out in the woods. Good Hunting and by all means **Safe Hunting.**

In the final half, Ronnie Henderson kicked a 31-yard field goal, then wingback Mark Ivey ran for 36 yards and the final touchdown.

Statistically, the game was closer than the scoreboard indicated, but D'Hanis earned all its yards between the 30' while the Angoras capitalized on Cowboy mistakes and made their play count.

Rocksprings will meet Crawford in a bi-district game Friday night.

Statistics for the game were as follow (D'Hani first): First downs, 12-17; Yards Rushing, 136-164; Yards passing, 31-45; Total yards, 167-209; Passes 3-19, 4-5; Fumble lost, 2-1; Penalties, 6-6 yds., 2-20 yds.; Punts avg., 5-40, 4-30.
